EARN A FREE STAMP SET

HERE'S HOW IT WORKS

- You must live in Canada to shop with me.
- For every online purchase of \$40 (before tax and shipping) you will receive 1 point.
- Points are accumulative, if you made an \$80 purchase (before tax and shipping) you will earn 2 points and so on.
- When you have earned 15 points, you can choose a FREE stamp set of your choice (excludes hostess stamp sets).
- Your free stamp set will be shipped free of charge and the taxes are on me!
- Once you collect 15 points, please redeem them ASAP.
- A large collection of points (45 or larger) can be split over several months. Try not to hoard them to make it easier on my pocket book!
- One stamp set per every 15 points.
- Keep track of your points by downloading the Tracking Sheet.
- View your order history in your online Stampin' Up! account.
- All orders must be under your customer name and no one else's.
- Customers cannot combine points with each other.
- Your ONLINE ORDERS only will qualify for this rewards program.
- Points have a 2-year expiry date.
- When you reach 15 points, please email me at stampinkathie@gmail.com with your tracking sheet and let me know the stamp set of your choice (excludes hostess sets).
